HARVEST

RETURNING TO PLAY

As our community continues to recover from the COVID-19 pandemic, our programming will be run in accordance with the guidelines issued by the State of New York. In light of the circumstances imposed on us by COVID-19, our events will operate slightly differently.

In this document, we will outline the measures we are taking to create as safe an environment as possible for anyone attending an event during these unprecedented times. Please read this document thoroughly.

We will continue to update this document with the most up to date information we are provided with. Please contact us with any questions.

HARVEST

GUIDELINES FOR ANYONE ATTENDING A HARVEST EVENT

- 1) It is suggested that seniors or others with compromised immune systems do not participate in or attend this event due to risk of infection.
- 2) Anyone who is exhibiting any signs of illness such as sneezing, coughing, sniffing, has a fever or just generally does not feel well should not attend.
- 3) Any attendee, parents, and staff should self-report to Harvest personnel if they have tested positive for COVID-19 or have been exposed to an individual with COVID-19 in the previous 14 days.

We will continue to update this document with the most up to date information we are provided with. Please contact us with any questions.

HARVEST

4) All players, staff, and spectators should practice responsible social distancing by remaining at least 6 ft apart whenever possible.

5) All players, staff and spectators should wear PPE such as face coverings whenever applicable. Wash your hands and or use hand sanitizer upon entrance, during the events before and after you eat and when you leave.

6) Avoid touching your face including your eyes, nose and mouth.

7) Public restrooms should limit occupancy to one person at a time.

We will continue to update this document with the most up to date information we are provided with. Please contact us with any questions.

HARVEST

Water

Water will not be placed on fields, players should bring water bottles with them for the duration of the event and should not share with any other individual.

Temperature Checks/Screening

Players and spectators are expected to take their temperature before leaving their house and they should remain home with any reading of 100.4 Fahrenheit or higher according to the CDC parameters.

Personal Protective Equipment (PPE)

All coaches, staff, players and spectators should wear PPE such as face masks and gloves whenever applicable.

We will continue to update this document with the most up to date information we are provided with. Please contact us with any questions.

HARVEST

Drop-off / Pick-up

Players should remain in their cars until just prior to the start of the session to avoid gathering in large groups. Drop off and pick-up times may be staggered such that the number of attendees arriving and leaving at the same time will be minimized. At the conclusion of programming, please proceed directly to your car and do not congregate around the entrances or exits.

Spectators

We ask kindly that you limit the number of spectators who will be attending the event. Each player should be accompanied by no more than 1 person to help limit the size of crowds and to mitigate the risks.
